Georgia.—Cloudy tonight and Saturday; probably rain, cooler tonight northwest portion; cooler Saturday southeast portion.

NEGRO SOLDIERS MINSTRELS. Program Saturday Night as Benefit for Service League.

Negro soldiers at Camp Greenleaf are to give a minstrel show Saturday evening at the Liberty theater on Ninth street.

The program is to be given as a benefit for the Colored Women's Service League. It is understood that there are many good singers among the soldiers, and some professional talent. Elaborate plans are being made for the occasion.

RECENT SELLERS AGAIN BUYING ON LARGE SCALE

New York, Sept. 27.—Recent sellers were again buyers on a large scale at the opening of the stock market today. The inquiry embraced also outside orders attracted by yesterday's upturn in various specialties. Equipment prices were carried substantially higher and there was a broad demand for United States Steel, Oils, Tobacco, Paper and American Ice at gains on 192 points, with many new high levels being reached. Mercantile Marine shares were heavy.

In the extension of the morning advance, United States Steel touched 112, with a block of 4,500 shares changing hands, and the oils, leathers and minor specialties made good progress.

New high levels for the movement were reached by many stocks in the final hour, with the oil shares buoyant, Texas Company advancing more than 10 points. The closing was strong.

'ROUND THE TICKER

**COTTON.** New Orleans, Sept. 27.—The map shows considerable rain scattered over the belt. Temperatures are fairly high, and the cold weather for the western belt has not materialized.

The cotton market is doing better mainly because of peace talk, especially about Bulgaria. The map shows too much rain.

Fair and colder weather is the forecast for the western half of the cotton region. In the Panhandle of Texas and in low places in Arkansas and Oklahoma.

Rainy and colder weather is the forecast for the eastern cotton belt except for fair and cooler weather in Mississippi.

New York wires: Market feels effect of strong Liverpool, stimulating war news and more active and general trade demand.

**GRAIN.** Chicago, Sept. 27.—After a bulge yesterday to \$1.45, November corn closed \$1.44 1/4 on reports of 75 permits granted at Chicago, and a belief that food leaders favor a liberal corn movement. Country gossip also tells of liberal corn reserves. No. 6 mixed corn was \$1.30.

**STOCKS.** New York, Sept. 27.—If money conditions were more normal, we would see a wonderful market today. The war news is so perfectly overwhelming that it makes one believe that a complete crumpling of the whole grain and advanced position extending to the Balkans and the Holy Land is a matter of a short time, for the enemy has not reserves capable of effecting the steady inflow of our troops to France.

SERBIAN CAVALRY ONLY TEN MILES FROM USKUB

**British Forces Menace Whole Left Wing of Bulgarian Army.**

London, Sept. 27.—(12:25 p. m.)—On the center of the Balkan battle front the allied advance is being kept up and it was learned this afternoon that Serbian cavalry is only ten miles from Uskub, the big Bulgarian base.

Another Serbian detachment is advancing northward along the Braganitz valley.

British forces are moving upon the Strumitza river in Bulgaria, menacing the whole left wing of the second Bulgarian army.

French and Greeks have crossed the mountain range at Gradets and are progressing on the upper reaches of the Trivnakazitsa river.

BULGARIA'S PROPOSALS SEND CORN DOWNWARD

Chicago, Sept. 27.—Armistice proposals by Bulgaria sent the corn market sharply downward today. General selling resulted and there was a broad, active market. Opening prices, which ranged from 75c to 1 1/4c lower, with October 1 1/4c to 1 1/2c and November 1 1/2c to 1 3/4c, were followed by a slight rally and then by a decided fresh break.

Data related the weakness of corn. After opening 1 1/4c lower, with October 73 1/2c to 74 1/2c, the market continued to show a tendency to ease.

Higher quotations on hogs lifted provisions. The close was nervous, 3 1/2c to 4 1/2c net lower, with October 31 1/2c to 32 1/2c and November 31 1/2c to 32 1/2c.
